Why **Sahara Logistics** chose **Energy\$mart** to reduce their energy bills

OVER
480
LIGHTS
INSTALLED

With lighting contributing to over 75% of Sahara's total expenditure on energy, the logistics giants were extremely well placed to to save by upgrading to LEDs.

Over 480 LED lights were installed; a combination of Cherry LED T8 Tubes and Cherry LED Corn Lights. These products reduced Sahara's lighting energy usage by 70% and, with their lifespan of over 50,000hrs, reduce maintenance costs by over \$5,000 per annum.
